Cinema Collective

Welcome to the Cinema Collective at San Francisco State University. If you have a passion, love or curiosity for film — be it making or viewing — then the Cinema Collective is where you want to be. We open our arms to you, regardless of your major, as we seek to consistently expand our flourishing community of cinephiles. We meet every Wednesday at 7pm for a workshop, demo, or other activity pertaining to a specific aspect of filmmaking, often led by industry professionals. In addition to our weekly meetings, we have a number of special events throughout the year including screenings, contests, and socials. We are inclusive of all interested students with no membership cost. We aim to foster personal growth, professionally and socially. We provide a platform for members to develop the craft of filmmaking through hands on experience while building strong interpersonal relationships throughout the collaborative process.
