

DISCLAIMER

You will be participating in an SF State event where audio and video is being recorded.

By participating in this event, you consent to audio recording, video recording and its/their release, publication, exhibition, or reproduction to be used for news, web casts, promotional purposes, telecasts, advertising on web sites, or for any other purpose(s) that SF State, its vendors, partners, affiliates and/or representatives deems fit to use. You release SF State, its officers and employees, and each and all persons involved from any liability connected with the taking, recording, digitizing, or publication of interviews, photographs, computer images, video and/or or sound recordings.

You have been fully informed of your consent, waiver of liability, and release before participating in this SF State Event.

ABOUT WORLD EDUCATION

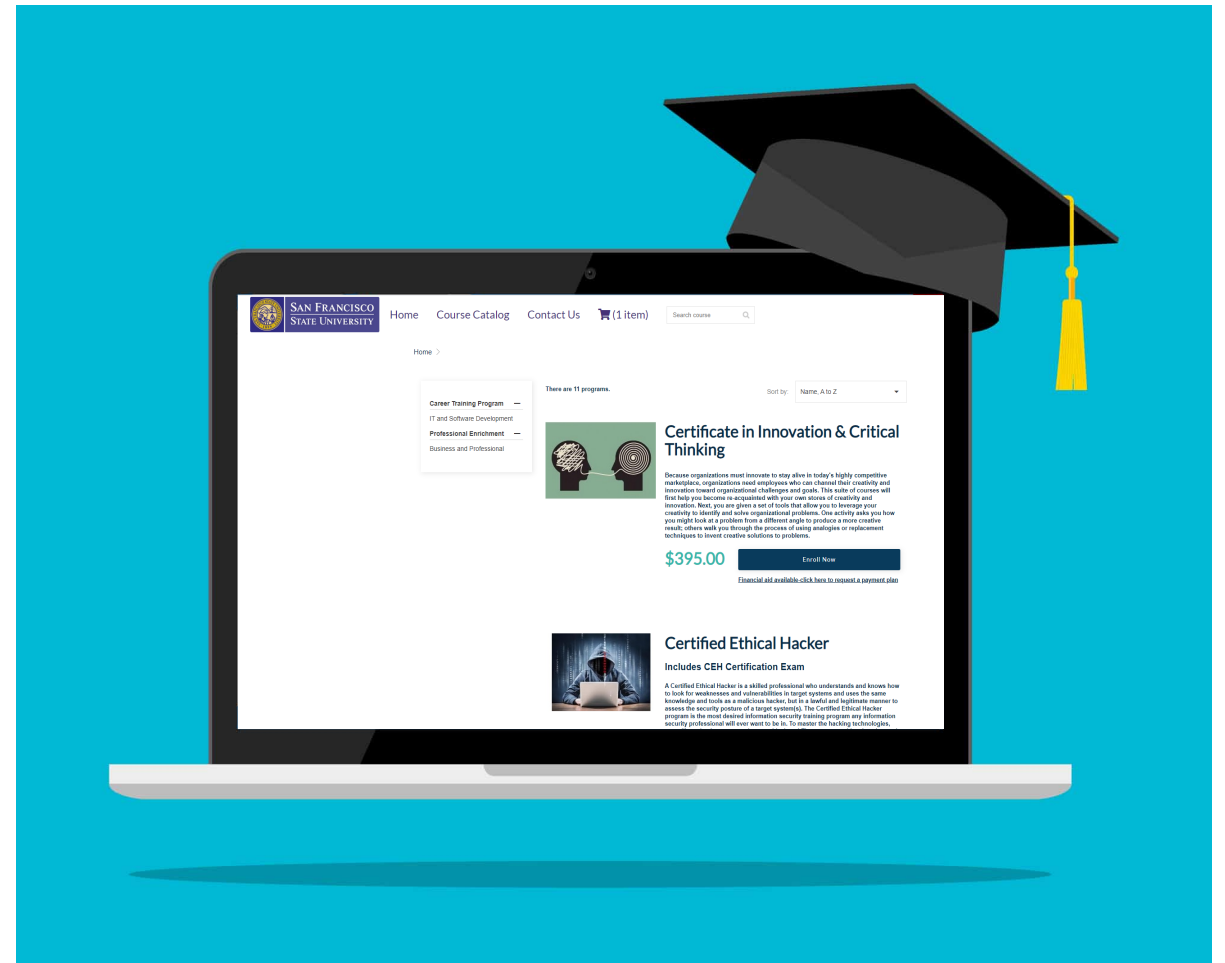

Career Oriented Training

Convenient & Affordable

100% Online & Self-Paced

We believe in creating a positive learning journey for students by providing superior service, comprehensive content, and expert coaching in a format that is available and affordable to all students.

We accomplish our purpose when our students complete their program ready to meet the expectations and challenges of their industry and are equipped to find employment.

PROGRAMS OFFERED

Program Name	Hours	Duration	Cost
Web and Mobile Application Design and Development	325	12 months	\$1,995.00
Video Game Design	450	6 months	\$2,495.00
CompTIA: A+ Essentials & Practical Application+ Practice Lab & Exam Voucher	85	12 months	\$1,995.00
CompTIA: Network+ Practice Lab & Exam Voucher	120	12 months	\$2,195.00
CompTIA SY0-501 Security + Practice Lab & Exam Voucher	75	12 months	\$1,995.00
Certified Ethical Hacker	80	6 months	\$3,595.00
Certificate in Innovation & Critical Thinking	20	4 months	\$395.00
Certified Network Administrator with Labs	810	12 months	\$4,495.00
Certified Video Game Designer	685	6 months	\$3,695.00
CompTIA A+ Certification (220-1001 and 220-1002 Voucher Included)	60	4 months	\$1,295.00
CompTIA: Network+ & Security+ with Exams	125	6 months	\$1,995.00
Ethical Hacker + Practice Lab	90	12 months	\$995

INNOVATION & CRITICAL THINKING

20 hours - 4 months - \$395

- How to foster creativity and innovation
- Five factors for creative teams
- Types of innovation and the barriers to innovation
- Critical thinking and systemic problem solving
- Moving from ideas to practice and production

Full Description: <https://sfsu.worldeducation.net/Professional-Enrichment/Business-and-Professional/Certificate-in-Innovation-&-Critical-Thinking-CI-CICT-01>

CERTIFIED NETWORK ADMINISTRATOR WITH LABS

810 hours - 12 months - \$4,495.00

- Students will gain knowledge and skills in Cisco's Entry Networking Technician Interconnecting Networking Devices Part 1 training, and Cisco's Network Associate Interconnecting Networking Devices Part 2 training
- Program will cover maintenance of PCs, mobile devices, laptops, operating systems, and printers, the fundamentals of computer technology, installation and configuration, and basic networking
- With the included practice labs, students will get to practice completing network administrator tasks in a safe, virtual environment that will give them confidence when pursuing employment
- This program also includes certification exam voucher for Cisco's 200-301

Full Description: <https://sfsu.worldeducation.net/Career-Training-Program/IT-and-Software-Development/Certified-Network-Administrator-with-Labs-WE-IT-7451>

VIDEO GAME DESIGN

Video Game Design – 450 hours – 6 months - \$2495

- Different logic sequences in game programming and how to debug them
- Random numbers and data arrays
- How 2D and 3D designs function and overlap
- Preparing for human input, and testing and evaluating of your prototype
- How to present your game to a client and options on marketing it

Full Description: <https://sfsu.worldeducation.net/Career-Training-Program/IT-and-Software-Development/Video-Game-Design-ITS-VGD10>

Certified Video Game Designer – 685 hours – 6 months - \$3695

- Creating purpose and constraints for your game
- Game design models
- Using game concepts to create actions
- Building, testing, and packaging your game
- Understand basics of HTML5 and CSS3 and how JavaScript can add behavior to an app or site.
- Explain what an application life cycle process is and its value to a developer.
- Demonstrate the process of constructing and validating a web page using the W3C validator tool kit.
- Explain the types of intellectual property and why it is important to protect them as part of an application or site development project.
- Understand how the promise and challenge of IOT, Blockchain, AI and other new technologies are going to impact the industry and career growth.

Full Description: <https://sfsu.worldeducation.net/Career-Training-Program/IT-and-Software-Development/Certified-Video-Game-Designer-WE-IT-15201>

WEB AND MOBILE APPLICATION DESIGN AND DEVELOPMENT

325 hours – 12 months – \$1,995

- Understand basics of JavaScript programming
- Write thoroughly documented programs
- Write well tested and appropriately feature robust applications
- Demonstrate the ability to write program documentation that is succinct, thorough, and maintains standards of good English.
- Demonstrate the ability to compile, load and run an app program using a compiler.

COMPTIA

SY0-501 Security+ Practice Lab – 75 hours – 12 months - \$1,995

- Install, operate and troubleshoot a small branch office network
- Manage access control, identity management and cryptography
- Mitigate and/or deter network attacks and vulnerabilities
- Handle security concerns associated with cloud computing

Full Description: <https://sfsu.worldeducation.net/Career-Training-Program/IT-and-Software-Development/CompTIA-SY0-501-Security+-Practice-Lab-&-Exam-Voucher-WE-IT-1381>

Network+ Practice Lab – 120 hours – 12 months - \$2,195

- Develop your practical IT skills in a safe working environment without the need to invest in your own hardware and software. With the ease and convenience of the Internet we provide you with the knowledge and skills needed to successfully install, operate and troubleshoot a small branch office network
- With the included Practice Lab we provide access to real equipment that brings theory to life and gives you a greater depth of technology understanding
- includes an exam voucher for CompTIA Network + Exam

Full Description: <https://sfsu.worldeducation.net/Career-Training-Program/IT-and-Software-Development/CompTIA:-Network+-Practice-Lab-&-Exam-Voucher-WE-IT-1441>

COMPTIA PT. 2

Network+ & Security+ with Exams – 125 hours – 6 months - \$1,995

- Risk management
- Security assessment and potential threats
- Physical security components
- Cryptography
- Security in the Cloud
- Identity Access
- Recovery planning

Full Description: <https://sfsu.worldeducation.net/Career-Training-Program/IT-and-Software-Development/CompTIA:-Network+-&-Security+-with-Exams-WE-IT-19631>

A+ Certification (Vouchers Included) – 60 hours – 4 months - \$1,295

- Install and properly connect hardware for Windows PCs, Macs, and Linux PCs
- Install and set up operating systems for Windows PCs, Macs, and Linux PCs
- Maintain and troubleshoot problems in those computers

Full Description: [https://sfsu.worldeducation.net/Career-Training-Program/IT-and-Software-Development/CompTIA-A+-Certification-\(220-1001-and-220-1002-Voucher-Included\)-WE-IT-1291](https://sfsu.worldeducation.net/Career-Training-Program/IT-and-Software-Development/CompTIA-A+-Certification-(220-1001-and-220-1002-Voucher-Included)-WE-IT-1291)

ETHICAL HACKER

Certified Ethical Hacker – 80 hours – 6 months – \$3595

- an overview of ethical hacking
- scanning networks
- system hacking, Trojans and backdoors, viruses and worms, sniffing,
- social engineering
- session hijacking, hacking web servers and web applications,
- SQL injection, hacking wireless networks, evading IDS, firewalls,
- Honeypots, cryptography, and penetration testing

Full Description: <https://sfsu.worldeducation.net/Career-Training-Program/IT-and-Software-Development/Ethical-Hacker-+-Practice-Lab-WE-IT-1501>

Ethical Hacker + Practice Lab – 90 hours – 12 months – \$995

- Identify, counter and defend networks and vital information.
- Be prepared for information security developments and vulnerabilities.
- Use cyber forensics to deal with DDOS Attacks, Virus Creation and Buffer Overflows

Full Description: <https://sfsu.worldeducation.net/Career-Training-Program/IT-and-Software-Development/Certified-Ethical-Hacker-CA-CEH-V>

HOW TO GET STARTED

CONSULTATION/ADVISING

1. Determine program fit by reaching out to World Education team: <https://sfsu.worldeducation.net/contact-us>

2. Determine payment plan

Payments accepted:

Paypal, Credit/Debit, Apple Pay, Google Pay

MyCAA Scholarship Program, Workforce Development Programs

*If an employer/workforce agency is paying for your fees, please reach out to program coordinator (hvo3@sfsu.edu) for instructions.

REGISTRATION

1. Sign up and pay directly on <https://sfsu.worldeducation.net/2-home>
2. Create your SFSU ID <https://cel.sfsu.edu/register/register-pay>
3. Receive log in credentials

CERTIFICATE OF COMPLETION

Once you have completed your course, submit the [Certificate of Completion Request Form](https://cel.sfsu.edu/certificate-request):
<https://cel.sfsu.edu/certificate-request>

Certificate of Completion Request Form

First Name *

Last Name *

SF State ID *

**Please expect 4-6 weeks to receive your certificate*

THANK YOU
